offender's residence on November 6, 2015, reported suspected illegal drugs and drug related paraphernalia at the residence. The items seized consisted of a substance suspected to be methamphetamine, three loose pills identified as clonazepam, a metal container which held multiple unidentified pills, and a total of five glass pipes some of which had residue. Stevens County will verify the suspected substances through laboratory testing.

- 3 **Standard Condition # 9:** The defendant shall not associate with any persons engaged in criminal activity, and shall not associate with any person convicted of a felony, unless granted permission to do so by the probation officer.

Supporting Evidence: Ms. Hamilton violated the conditions of her supervised release by associating with a known felon. The investigating agency who conducted the search at the offender's residence on November 6, 2015, reported that an additional person was taken into custody relative to a Washington State Department of Corrections warrant, at the offender's home. The officer who made the initial contact with the offender reports that Ms. Hamilton was questioned regarding the occupants of the home, however, she was not forthcoming about the presence of the individual with the active warrant.

The U.S. Probation Office respectfully recommends the Court issue a warrant for the arrest of the defendant to answer the allegations contained in this petition.

I declare under penalty of perjury that the foregoing is true and correct.
